

**George Minakov  
(Chess Teacher)**

George Minakov has been teaching chess in San Diego for the past 8 years.

He applies the pedagogical methods of the famous Soviet Chess School.

These methods are designed to provide the student with all the knowledge required to progress from level to level without reliance on outside sources.

Students also have an opportunity to practice and solidify the theoretical knowledge acquired from their lessons by participating in informal matches with their peers and also by playing in rated tournaments.
