## Ceramic Classes

Ms. Trisha graduated from Iowa State University with a Master of Arts in Education Degree. She has 26 years of teaching experience, 12 years in the U.S. and 14 years at International Schools around the world.

Creating with clay provides valuable benefits to your kids' development:

1. Motor Skills: Clay is an excellent way to improve dexterity and strengthens large and fine motor skills.
2. Creative Problem Solving: Stimulates imagination and helps children adapt to change.
3. Therapeutic: Working with clay is an outlet for children to physically convey their emotions and reduce stress.
4. Self-esteem: Once children learn to express their ideas in clay, they can become empowered in ways that go far beyond the art room.
5. Pride and Accomplishment: Children receive a sense of accomplishment from finishing a clay project. The take home projects are treasures to be cherished!

Monday: 6pm – 7pm

Tuesday: 6pm – 7pm

Wednesday: 1:00pm – 2:00pm

2:00pm – 3:00pm

3:00pm – 4:00pm

4:00pm – 5:00pm

5:00pm – 6:00pm
